EDUCATION

University of Florida

Bachelor of Science in Computer Science, Minor in Business Administration

- GPA: 4.0/4.0

Expected May 2027

Gainesville, FL

WORK EXPERIENCE

Loews Hotels & CO

Lifeguard

May 2022 - August 2023

Orlando, FL

- Enforced strict safety protocols to successfully conduct five critical rescues, leading to the highest national customer satisfaction rating for Loews Hotels.
- Instructed CPR and other life-saving techniques to groups of four during daily training sessions.

Burger Fi

Front of House Team Member

May 2021 - August 2021

Windermere, FL

- Earned first place in a corporate customer service competition through exemplary front-of-house service.
- Helped troubleshoot POS issues, maintaining functionality during technical issues to ensure continuous service.

PROJECTS

GatorMacros (gatormacros.com)

January 2024 - Present

HTML, CSS, JavaScript, Git, Figma

- Spearheaded the development of a website that integrates the University of Florida dining API, offering tailored meal plans for students to align with their dietary needs.
- Orchestrated the design and execution of a sophisticated algorithm that custom-generates meal plans by analyzing user-inputted protein and calorie objectives.

Nowe for Students (j10czar.github.io/NoweForStudents)

August 2023 - Present

React, CSS, Firebase, Figma, JavaScript, Git

(In Progress)

- Engineered a responsive student task management website utilizing React for a dynamic front-end experience and Firebase for back-end functionality.
- Implemented real-time database interactions using Firebase, ensuring seamless task updates and synchronization across multiple user devices.

More projects can be found at: j10czar.github.io/Portfolio/

TECHNICAL LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Association for Computing Machinery

February 2024 – Present

Website Design Team (uf-acm.com)

Gainesville, FL

- Handpicked from a competitive applicant pool to overhaul the ACM club's website, enhancing user engagement and information accessibility.
- Collaborated closely with a 5-person team to ideate and conceptualize a modern website interface using Figma for the design and React as the front end.

NVIDIA

February 2024

Certificate in Deep Learning Fundamentals

Gainesville, FL

- Selected from a pool of applicants for an in-person Nvidia summit focused on deep learning and neural network fundamentals.
- Engaged in hands-on workshops and training sessions led by industry experts to learn state-of-the-art deep learning techniques.

The First Academy

August 2022 - May 2023

Competitive Programming Team Founder/Captain

Orlando, FL

- Initiated and led a programming club to statewide competition levels, fostering a collaborative and skill-enhancing environment.
- Awarded 2022 Novice champion of the Lockheed Martin Code Quest Orlando programming competition.
